Proudly supporting Starlight Children's Foundation
LETTER FROM CHAIR OF THE SYDNEY STAR BALL

Dear valued friend of Starlight,

On behalf of the Sydney Star Ball Committee and the Starlight Children’s Foundation we welcome you to the 22nd Annual Sydney Star Ball. We are very excited to have you with us tonight - you all are playing an integral role in helping us raise much needed funds to help brighten the lives of seriously ill children, teenagers and their families all over Australia.

It is widely recognised that the treatment of serious illness in children requires more than just medicine and the skills of medical personnel. Sometimes providing a silly, fun and most of all distracting environment for sick kids and their families dovetails perfectly with often daunting and very serious medical procedures, improving the overall experience of hospital treatment.

For this reason, Starlight works hand in hand with health professionals on the development of all programs. Starlight is the broadest reaching children’s charity in Australia and last year created 574,874 Starlight experiences for sick kids and their families. Starlight supports kids of all ages, regardless of their illness or injury and provides a much-needed distraction and positive experience at what would be an otherwise more difficult time.

We extend our appreciation and gratitude to the many individuals and sponsors who have generously donated time, services and auction items to assist our wonderful event in raising funds for the Starlight Children’s Foundation. Our combined efforts will help fund these wonderful programs run by Starlight and the opportunity to bring smiles to a child and family who long for happiness in a tough time.

We have a wonderful program planned for you this evening and we urge you all to open your hearts (and your wallets) and give generously in support of Starlight’s fantastic work!

LETTER FROM
STARLIGHT CHILDREN’S
FOUNDATION CEO

On behalf of the Starlight Children’s Foundation, I warmly welcome you to the 22nd Annual Sydney Star Ball.

It’s incredible to think that since the very first Sydney Star Ball in 1998, over $3.1m has been raised for Starlight! That’s over 79,000 positive experiences Starlight has been able to provide to seriously ill children & young people – delivering fun, joy and laughter often at a time when they need it the most.

We know what happens in childhood lasts a lifetime and happiness matters, especially when it comes to improving health outcomes. That is why Starlight is so serious about the fun it delivers to sick kids and is considered an integral part of the Australian healthcare system.

To everyone who has been part of Star Ball we cannot thank you enough for your continued and valued support of Starlight’s programs. Sydney Star Ball would simply not be possible without generous supporters and sponsors working alongside a dedicated Committee. We are so appreciative of the Committee, led by Karl Truijens, and on behalf of Starlight I thank them for their work on this year’s event and the positive impact they help us deliver every day. You are all stars!

Starlight’s in hospital programs are expanding to meet demand, we are delivering more programs tailored to the growing cohort of teenagers in children’s hospitals and visiting increasingly more remote communities to support Aboriginal & Torres Strait Islander children. Our Starlight Wish granting program is growing too, receiving more referrals each year. As the demand for Starlight programs continues to grow so does our need for ongoing funding. This is why nights like tonight are so important.

Thank you so much for your support of Starlight and I hope you enjoy your evening.

Louise Baxter
Chief Executive Officer
Thank you to our sponsors, volunteers and committee members for making tonight such an incredible success! Without your support, tonight would not be possible.

Just because you’re sick doesn’t mean you stop being a kid and it shouldn’t mean missing out on all the fun and happiness of childhood. That’s why Starlight helps sick kids be kids. We provide a positive distraction from pain and fear helping sick kids create positive emotions and build confidence and resilience. Importantly, this has a positive impact on their overall health and wellbeing.

Not only are we home-grown, Starlight is also the broadest reaching children’s charity in Australia. There’s a Starlight Express Room in every children’s hospital across the country and more than 160 Captain Starlights deliver joy and laughter to sick kids every day. We also support teenagers through our Livewire program and last year granted over 531 life-changing Starlight Wishes. Our Healthier Futures Initiative continues to grow and last year reached over 86 remote Indigenous communities. Of course, none of this can happen without the generosity of Starlight supporters. It is only with their support that we can continue to have a lasting positive impact on the lives of seriously ill children.
Captain Starlight & the Starlight Express Room

Imagine a place where kids can laugh and play – while still in hospital. A place where sick kids can forget about their illness and treatment. Welcome to the Starlight Express Room and our superhero of fun Captain Starlight! There’s a Starlight Express Room in every children’s hospital in Australia and over 160 Captain Starlights bringing fun and laughter to sick kids every day.

Livewire

Livewire was developed to meet the specific needs of young people living with a serious illness or disability. Through Livewire, teenagers can connect with others who are dealing with similar issues and find positive ways to cope with their condition. Livewire runs creative workshops in hospital and beyond hospital, Livewire.org is a fun, safe and supportive on-line community.

Starlight Wishes

Starlight Wishes are a once in a lifetime gift of happiness for a sick child. Dreamed up by the kids themselves, a Starlight Wish gives sick kids and their families something fun and positive to focus on and creates lasting happy memories. Since 1988, we have granted nearly 11,000 life-changing Starlight Wishes to sick kids across the country.

Healthier Futures

Captain Starlight partners with health professionals to visit remote Aboriginal and Torres Strait Islander communities and engage kids through song, dance and storytelling. Last year, through our Healthier Futures Initiative, Captain Starlight visited 86 remote communities helping to improve attendance at health clinics and enhance community confidence in the healthcare system.
